

Pro® Greenhouse Repair Tape Film Repair Tape

Technical Data Sheet

Pro® Greenhouse Repair Tape is a single-sided tape that is designed with a transparent, UV-stabilized polyethylene film and coated with a transparent pressure sensitive adhesive based on an acrylic polymer.

Features & Benefits:

- Efficient application with a high initial bonding on greenhouse film
- Durable and protective
- Excellent weather & UV resistance for at least 12 months

Technical Data:

- ⇒ Backing: PE film
- ⇒ Adhesive: Acrylic
- ⇒ Total thickness: 5.9 mils
- ⇒ Tensile strength: 24 lbs./inch
- ⇒ Adhesion to steel: 4.3 oz./inch
- ⇒ Elongation at Break: 300%
- ⇒ Service Temperature: -4°F to 176°F

Application:

Pro® Greenhouse Repair is excellent for repairing damaged greenhouse films. Product is nearly invisible, transparent in color and is created for outdoor permanent use.

Note: The above are typical values and should not be used in writing specifications. The determination of the suitability of this product for any specific use is solely the responsibility of the user. No representatives, guarantees or warranties of any kind are made to the accuracy or suitability for specific applications. Tape should be stored in its original packaging in a cool dry area away from direct sunlight and should be used within 12 months from date of shipment. Surfaces to which tape is applied should be clean, dry and free of grease, oil or other contaminants.
